COMMENTS:

This bill would create the Grant Information Act of 1999 and require all state agencies to include a listing of all grants and applicable forms administered by that state agency on the Internet.

The April 15, 1999, amendment provided that the grant information would be listed on the Internet rather than the agency's Internet website and specified an operative date of July 1, 2001.

Except for these changes, the department's analysis of AB 187 as amended March 25, 1999, still applies.
